WORLDWIDE WANDERLUST!

NEW YACHT & NEW DESTINATIONS

Lusting after some adventure? So do the Worldwide Crew! That is why we have been busy on the drawing board all season to design and create the most ultimate adventures for 2007 - 2008. Our upcoming season will be highlighted by the maiden voyage of our new Luxury Yacht, the [Sampai Jumpa Lagi](#). Designed and constructed by our Worldwide Crew, her standards of luxury and quality of service will be unrivalled by any other liveaboard in Southeast Asia.

This 34 metre wooden beauty with 2 masts and 7 sails will hold up to 18 guests with an enormous deck area, air-conditioned saloon with cocktail bar and separate dining area. Each cabin has a sea-view, en-suite bathroom & hot water, a personal computer, audio-visual entertainment system, individual controls for air-con & mood lighting as well as extras of bathrobes, hair dryers and hot towels! Plus we offer extra services of free Nitrox, wakeboarding & waterskiing, laundry service, massage service and yacht boutique!

She will be finished by August 2007 to set sail on her maiden voyage in October 2007 on the west coast of Thailand. She will also venture to new destinations including the pristine paradise of the [Andaman Islands](#) in India as well as the world-famous Komodo Marine Park & Lesser Sunda Islands in [Indonesia](#).

We believe that the Sampai Jumpa Lagi will set new standards for luxury liveaboards in the Southeast Asian region. Yet we also strongly believe that luxury can be affordable, and therefore so are our trip rates. She is already filling quickly for next season on the west coast! For more special rates & details please contact us.

WEST COAST WRAP-UP

SAMPAI JUMPA

The west coast season of Thailand has drawn to a close for our current Leisure Yacht, the [Sampai Jumpa](#). The Worldwide Crew and the Sampai Jumpa have run a jam-packed schedule to the world-class destinations of the Similan and Surin Islands in Thailand as well as the exotic Andaman Islands in India.

All these trips were once again a great success and a wicked laugh! Notably, we saw an unprecedented level of magnificent manta rays in the water and look forward to them returning next season! The Sampai Jumpa will continue to operate weekly trips to the Similan & Surin Islands next season on the west coast.

In the meantime, the Sampai Jumpa is now on her way to launch another season in the Gulf of Thailand and this year will be running an assortment of interesting trips throughout the Gulf including special Wreck Trips in collaboration with Davy Jones Locker, the wreck & tech specialists of Koh Tao. Please contact us for details of upcoming special trips in the Gulf of Thailand.

ANDAMAN ISLANDS, INDIA!

2007 & 2008 – SAMPAI JUMPA & SAMPAI JUMPA LAGI

During March 2007, the Sampai Jumpa ventured to the untouched paradise of the Andaman Islands. We are the only dive and sail liveaboard to venture to this truly unexplored region.

The Andaman Islands are abundant with large pelagics and our trips this March encountered schooling manta rays, devil rays, many different shark species and a very curious whale shark! As well as large schools and variety of fish since there is almost no commercial fishing in the area. Visibility was a perfect 30m plus!

The continuing success of our Andaman trips, coupled with our experience & knowledge of this region has resulted in an overwhelming response and demand for this destination. The Sampai Jumpa is scheduled to run 2 trips to the Andaman Islands in March 2008 that are almost fully booked, and we are also offering 3 trips to the Andaman's on the Sampai Jumpa Lagi during March / April 2008. For more details and special rates please contact us.

GOING GLOBAL!

OUR PLANS TO TAKE OVER THE WORLD

As many of you may know, we still have machinations to take over the world! We have embarked on this process by opening the first of our official Worldwide Dive and Sail shops in Chalong, Phuket. You can find a map and details on 'Contact Us' webpage.

Furthermore, we have infiltrated the virtual global community with our multi-language website and our new Flickr website which is a great way to view and exchange photos. Our Flickr website can be viewed at <http://flickr.com/photos/worldwidediveandsail/>. We would like to encourage all Worldwide guests to check out images from the latest trips. Plus, if you are a

Flickr member please join the Worldwide Dive and Sail Flickr group and upload your comments and photos.

CIAO!

We look forward to hearing from all our Worldwide guests and students! Please write us at info@worldwidediveandsail.com. And don't forget to keep checking for new updates at www.worldwidediveandsail.com.

From the Worldwide Crew!!
Frank, Alex, Steve, Mark, Chris, Hanako, Brett & Naomi!
